

Mi Smart Band 6 NFC
User Manual

Read this manual carefully before use, and retain it for future reference.

Product Overview

a Fitness Tracker

b Wristband

c Charging Cable

Installation

1. Insert one end of the fitness tracker into the slot from the front of the wristband.
2. Press down on the other end with your thumb to push the fitness tracker completely into the slot.

Wearing

1. Comfortably tighten the band around your wrist, about 1 finger width away from your wrist bone.

2. To achieve the optimal performance of the heart rate sensor, make sure its back to contact with your skin. When wearing your wristband, keep it neither too tight nor too loose but leaving some space for the skin to be able to breathe. Tighten the wristband before you start to exercise and properly loosen it afterward.

Too loose

If the band can easily move up and down the wrist, or the heart rate sensor cannot collect the data, try tightening the wristband.

Just right

The band can comfortably fit around the wrist.

Connecting with APP

1. Scan the QR code to download and install the app. Add the Mi Smart Band 6 NFC to the app first before you start using it.

(Android 5.0 & iOS 10.0 or above)

2. Log into your Mi account in the app, and follow the instructions to connect and pair the band with your phone. Once the band vibrates and a pairing request is displayed on its screen, tap to complete the pairing with your phone.

Note: Make sure the Bluetooth on your phone is enabled. Hold the phone and the band close to each other during pairing.

Usage

After successfully pairing with your device, the band will start tracking and analyzing your daily activities and sleeping habits. Tap the screen to light it up.

Swipe up or down to view various functions such as PAI (personal activity intelligence), exercise data, and heart rate measurements. Swipe right to return to the previous page.

Disassembly

Remove the band from your wrist, hold on to each end and pull on the wristband until you see a small gap between the fitness tracker and the wristband. Use your finger to pop the fitness tracker out of its slot from the front side of the wristband.

Activating the NFC-enabled Bank Card

After connecting the band with the app, you can add and activate the bank card based on your needs. Then follow the on-screen instructions to finish the settings such as setting a password. When you complete the activation of the bank card, you can use the NFC payment function via the band. Remember to place the band close to the middle of the reader when doing the payment.

Note:

The available bank card services are dependent on the corresponding banks of the city you live in, and the actual functions are subject to the services provided by the bank of the activated bank card.

Charging

Recharge your band immediately when the battery level is low.

Precautions

- When using the band to measure your heart rate, please keep your wrist still.
- Mi Smart Band 6 NFC has a water resistance rating of 5 ATM. It can be worn during handwashing, in the swimming pool, or while swimming near the shore. It cannot be used, however, in hot showers, saunas, or diving.
- The touchscreen of the band does not support underwater operations. When the band comes into contact with water, use a soft cloth to wipe away excess water from its surface before use.
- During daily use, avoid wearing the band too tightly and try to keep its contact area dry. Please clean the wristband regularly with water.
- Please stop using the product immediately and seek medical assistance if the contact area on your skin shows signs of redness or swelling.
- This watch is not a medical device, any data or information provided by the watch should not be used as a basis for diagnosis, treatment, and prevention of diseases.

Specifications

Product: Smart Band

Name: Mi Smart Band 6 NFC

Model: XMSH16HM

Fitness Tracker Net Weight: 12.8 g

Fitness Tracker Dimensions: 47.4 x 18.6 x 12.7 mm

Wristband Material: Thermoplastic elastomer

Clasp Material: Aluminum alloy

Adjustable Length: 155–219 mm

Compatible with: Android 5.0 & iOS 10.0 or above

Battery Capacity: 125 mAh

Battery Type: Lithium polymer battery

Input Voltage: DC 5.0 V

Input Current: 250 mA Max.

Water Resistance: 5 ATM

Operating Temperature: 0°C to 45°C

Max. Output: ≤13 dBm

Bluetooth Frequency: 2400–2483.5 MHz

Wireless Connectivity: Bluetooth® Low Energy 5.0

NFC Frequency: 13.553–13.567 MHz

NFC Max. Output: < 42dBuA/m @10m

Warranty Notice

As a Xiaomi consumer, you benefit under certain conditions from additional warranties. Xiaomi offers specific consumer warranty benefits which are in addition to, and not instead of, any legal warranties provided by your national consumer law. The duration and conditions related to the legal warranties are provided by respective local laws. For more information about the consumer warranty benefits, please refer to Xiaomi's official website <https://www.mi.com/en/service/warranty/>. Except as prohibited by laws or otherwise promised by Xiaomi, the after-sales services shall be limited to the country or region of the original purchase. Under the consumer warranty, to the fullest extent permitted by law, Xiaomi will, at its discretion, repair, replace or refund your product. Normal wear and tear, force majeure, abuse or damage caused by the user's negligence or fault are not warranted. The contact person for the after-sale service may be any person in Xiaomi's authorized service network, Xiaomi's authorized distributors or the final vendor who sold the products to you. If in doubt please contact the relevant person as Xiaomi may identify.

The present warranties do not apply in Hong Kong and Taiwan. Products which were not duly imported and/or were not duly manufactured by Xiaomi and/or were not duly acquired from Xiaomi or a Xiaomi's official seller are not covered by the present warranties. As per applicable law you may benefit from warranties from the non-official retailer who sold the product. Therefore, Xiaomi invites you to contact the retailer from whom you purchased the product.
